SUMMARY

Self-driven and easily adaptable mid-level web developer with a passion for front-end web development that extends beyond work. A lifelong learner always looking for the next challenge and growth opportunity in work and life. Strong familiarity using Vue.js, TypeScript, JavaScript, UX principles, and Agile/Scrum methodologies in a front-end development focused role building highly customizable web applications. My strengths include soft skills from service industry experience, attention to detail, comfort under high pressure, and ability efficiently use all resources at my disposal.

TECHNICAL SKILLS

Tech Stack: JavaScript, Vue, Vuetify, TypeScript, HTML5, CSS3, Node.js, Git, React, REST/SOAP
Applications: Microsoft Office, Vscode, Trello, Jira, Adobe Creative Suite, Azure

EXPERIENCE

Front End Developer
Centuri Group, Inc

6/2020-Present
Phoenix, AZ

Creation and updating of custom applications to handle reporting and scheduling of Centuri projects across the entire United States and Canada. Use of modern solutions such as Vue.js and TypeScript to produce highly customizable, reliable, and lightning fast applications. During my time as a contractor our team completely modernized the system of existing products used by Centuri.

Front End Developer
JOA Software

5/2019 – 5/2020
Gilbert, AZ

Developed UX focused templates using HTML5, CCS3, JavaScript, and a JOA custom company framework. Communicated priorities of clients to the development team and led implementation of new features with agile methods. Produced quality code and features in a timely manner while always welcoming changing requirements and new challenges.

Key Accomplishments:

- Design and development of a new application from brainstorming to production-ready.
- Reformatted CSS of a large existing app to flexbox to make mobile friendly.
- Scrum lead of a team of 5 developers for various projects.

Bartender/Supervisor
Babbo Italian Eatery

1/2013 – 5/2019
Queen Creek, AZ

Learned how to think from the perspective of the customer, develop relationships, provide the most seamless experience possible, and work effectively with a team. Trained new employees and helped maintain the standards of the company. Learned to adapt and thrive in ever changing situations.

EDUCATION

Bootcamp Certificate: University of Arizona, Gilbert, AZ

Intensive program focused on gaining technical programming skills in HTML5, CSS3, Javascript, JQuery, Bootstrap, AJAX, Node Js, MySQL, MongoDB, Express, Handelbars.js & ReactJS.

Associates Degree: Chandler Gilbert Community College, Gilbert, AZ

Relevant coursework includes Intro to Java, Object Oriented Programming, Data Structures and Algorithms, and Discrete Mathematics.
